

International MBA ensures fast growth

Prof. Sanjay Salunkhe, Director – Jaro Education and architect of online education in India, tells us why working professionals these days prefer an Online MBA.

In today's global economy, almost all firms are looking forward to entering the international market and therefore, careers in international business are expected to grow at a faster pace than normal. A globalised business environment demands knowledge and exposure to international cultures and business practices. There is a wide range of opportunities for a person with strong business skills and international mindset.

These days, students in India – just like in the United states - prefer to have two to three years of work experience & then go in for an MBA because learning of management concepts becomes easier and they can relate theory to management practices.

However, it has been observed that once they start working, earning and learning good management practices, they prefer to do MBA without disrupting the continuity of working in an organization. Jaro education is committed to meet this need with convenience of learning anytime, anywhere.

Jaro Education in collaboration with Europe's leading business school United Business Institutes (UBI), Belgium has introduced International MBA and Executive International MBA programs to suit the requirements of students, working professionals, entrepreneurs, housewives and others wanting to pursue a global career.

HOW WOULD AN INTERNATIONAL MBA (ONE YEAR) HELP ME GET A FAST CAREER GROWTH?

An International MBA program is designed to provide you knowledge of

domestic as well as international management subjects, insight in international business culture and environment which would give confidence to secure a good managerial job in India as well as overseas.
