Programme Overview

Project Management is becoming one of the most needed skills for all kinds of organizations. The VUCA environment is making projects more and more complex, forcing organizations to shift to “Mission Mode” operations. Thus, skills for completing these tasks within specified time and cost limits with quality outcomes are on the rise. However, more than half of the projects fail to meet schedule, budget, and quality goals. So, this course aims to provide prevailing knowledge, behavioral skills, processes, tools, and techniques needed to successfully manage the projects within the expected time, cost, and quality performance using qualitative and quantitative based analytic techniques.

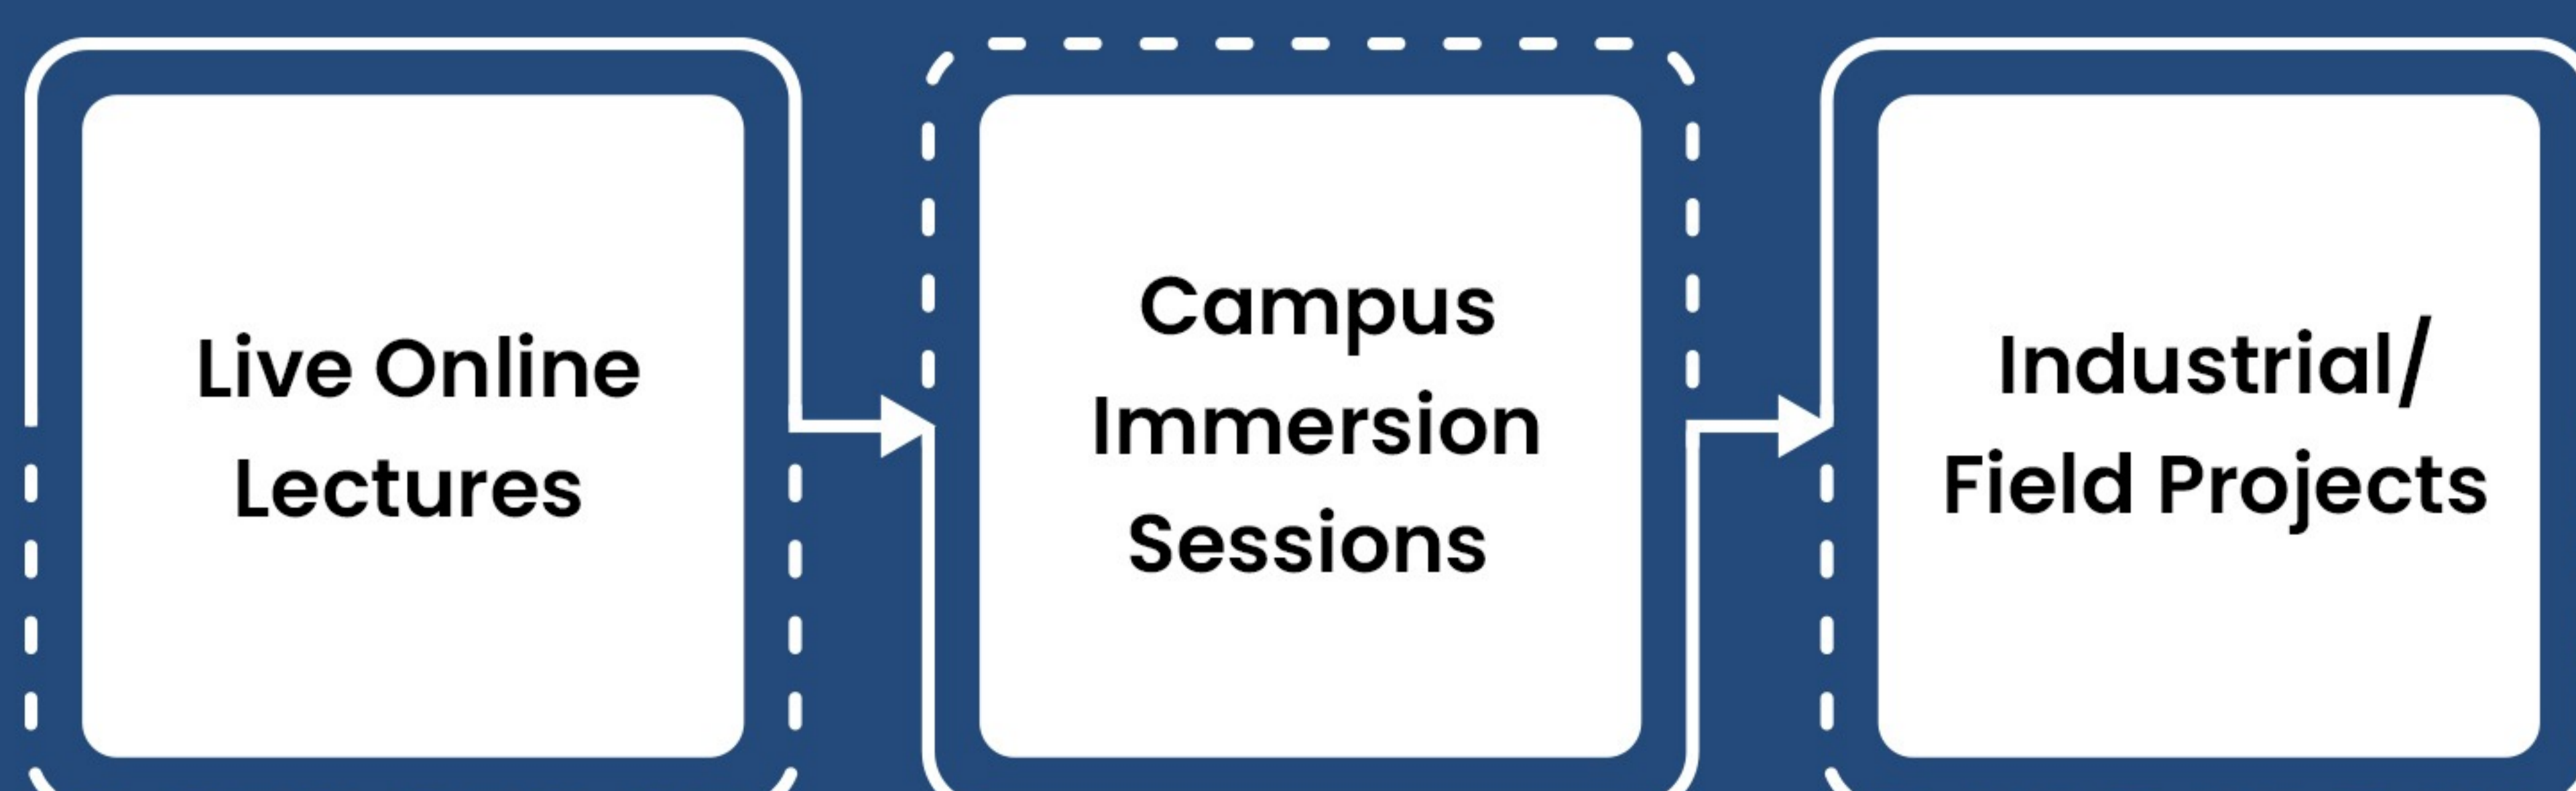

Programme Highlights

Learning Objectives

- ▶ Get equipped with the tools and techniques available for effective management of projects through effective planning, execution, and closure.
- ▶ Develop strategic perspectives to select, finance and manage the organization’s project portfolio.
- ▶ Facilitate development of capabilities to effectively handle the behavioural challenges faced by project managers in managing teams and different stakeholders.
- ▶ Apply analytics for effective decision making for delivering projects successfully.

Pedagogy

Module 1

Introduction to Projects, Business and Strategy

- Projects in Indian Context
- Programs/Portfolio/Projects and Their Life Cycle
- Project Portfolio Selection
- Implementing Strategy through Projects/Portfolio

Project Feasibility Studies and Selection

- Ideation
- Market Feasibility
- Technical Feasibility
- Financial and Economic Feasibility

Project Planning and Scheduling

- Project Planning Overview
- Work Breakdown Structure
- PERT and CPM
- Project Scheduling under Resource Constraints

Project Budgeting and Finance

- Budgeting Overview
- Cost Estimation Methods
- Earned Value Analysis

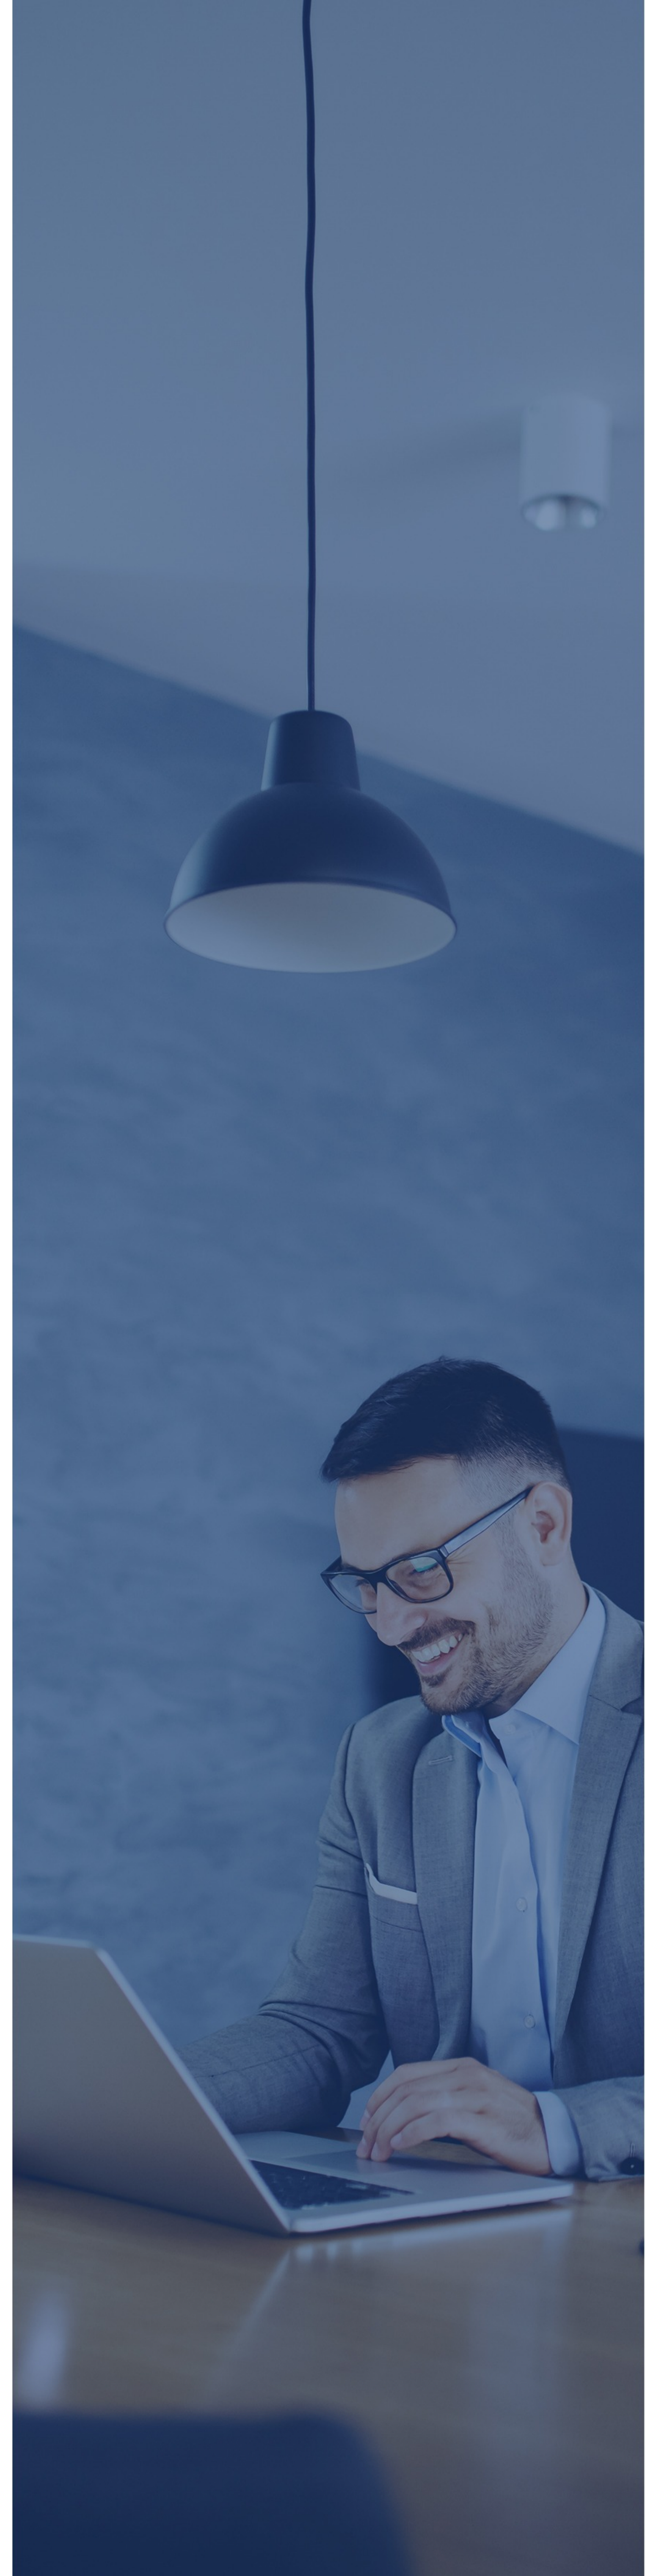

Project Analytics

- Introduction to Analytics in Project Management
- Monte Carlo Simulation
- Analytical Methods

Special Hands-on Session on Project Management Software

- Hands-On Session on MS project for Project Management
- Practice Session on Case Study using MS Project

End Module Assessment (Assignment and MCQ)

Module 2

Project Risk Analytics

- Introduction to Risk Management
- Risk Identification
- Risk Assessment through Analytical Techniques
- Risk Management Strategies

Project Procurement and Contract Management

- Procurement Process
- Types of Procurement Methods
- Tendering Process
- Contracts Types and Management

Project Quality, Stakeholder Management & Leadership

- Stakeholder Management
- Team Building
- Conflict Management and Negotiations

Digital Technologies for Project Management (Block chain, AI)

- Overview of Digitalization in Project Management
- Application of Blockchain in Project Management
- Application of Big Data Analytics and AI in Project Management

Agile Project Management

- Introduction to Agile
- Team Performance and Value Delivery
- Continuous Improvements

Special Hands-on Session on Project Management Software

- Hands-On Session on MS project for Project Management
- Practice Session on Case Study using MS Project

End Module Assessment (Assignment and MCQ)

Module 3

Capstone Project

Campus Immersion

Get Exposure to Tools such as:

Methodology

- Online Assessment
- Assignments
- Capstone Project Presentations

Note: A minimum of 75% attendance is a prerequisite for the successful completion of this programme. The participants will have to secure the minimum pass marks in the evaluation components specified by the faculty.

Message from Director

PROF. MANOJ K. TIWARI

Director, IIM Mumbai

We at IIM Mumbai are all set to make it to the top of the Innovation and Incubation race with first-class facilities and infrastructure and to bring the Problem Solvers to the Solution Seekers. We are also adding a state-of-the-art Student Activity Centre with all the necessary equipment to ideate and bring to life any service or product. We promote a nurturing and supportive environment to boost our Entrepreneurial Ecosystem comprising the best minds from Engineering, Management, and Fellow Students.

Our Industry connection is unprecedented and is always expanding its horizons, thus providing steady support from the best FMCGs and corporations across the world. These activities are in line with our vision and mission of bringing to fruition our Idea of Manufacturing Renaissance and advancing transformative education and industry-inspired research in Industrial Engineering.

PROF. VIVEKANAND B. KHANAPURI

Dean SRIC

Since its inception in 1963, IIM Mumbai has adopted a very focussed approach to meeting the industry needs through its unique programs and industry outreach through executive development programs, consultancy services and applied research activities. The programs are a blend of theoretical and practical knowledge combined with applied research, that equips the budding Engineering Managers to transform themselves into future leaders.

The curriculum with unique pedagogy helps students to obtain a holistic view that encompasses knowledge sharing by top notch academicians & industry experts, experiential learning through projects and internships, application of concepts in industrial setting through applied research and industry treks to gain new insights which helps students to have the right skill set to tackle any challenging situation. As India Inc. marches ahead with digital technologies, implementation of Industry 4.0, artificial intelligence, machine learning and other concepts, our programs equip the students with state of art expertise on the latest tools and techniques along with understanding of global best practices.

PROF. VIVEKANAND B. KHANAPURI

Professor, Operations & Supply Chain Management Area,
IIM Mumbai

Prof. Vivekanand B Khanapuri is a prominent academic and industry expert, serving as a Professor of Operations & Supply Chain Management at Indian Institute of Management (IIM) Mumbai. His P.G. teaching spans various subjects, including Project Management, Project Finance, Project Portfolio Management, Strategic Procurement, Business Process Reengineering, Strategic New Product Development, Maintenance Management, shaping the next generation of engineering and management leaders over the past two decades.

His research primarily focuses on Operations and Supply Chain Management, with a specific emphasis on Project Management, Prof. Khanapuri is a recognized authority in industrial consulting, offering expertise in areas like Industrial Engineering, Method and Time Study, Manpower Assessment, Value Engineering, Project Management, Maintenance Management, and Supply Chain Management. He has contributed to different consulting services sought after by esteemed organizations across industries. Prior to joining academia, he had six years of hands-on industry experience in light engineering, covering areas such as Production, Subcontracts, Assembly & Testing, Design & Development, Sales, and Service of Testing machines, Prof. Khanapuri brings a practical perspective to his academic and consulting work.

His intellectual contributions include numerous research papers in national and international journals and conferences, reflecting his commitment to advancing knowledge in his field. He has conducted training sessions and consulting projects for notable organizations, including DEA, HPCL, GSFC, CARIN ENERGY, DRDO, Reliance Industries Ltd., Beroe Consulting, TMTL, and JUBILANT, spanning various domains like Project Management, Procurement, Maintenance, and Manufacturing Management.

Prof. Khanapuri has held leadership roles as the Dean of Academic Affairs (2017-2019) and currently Dean SRIC since 2019. His dedication to nurturing socially responsible leaders is evident through his role as Faculty Advisor for the IIM Mumbai – ENACTUS Team, where students actively engage in impactful social projects.

Meet Our Faculty

PROF. RUCHITA GUPTA

Associate Professor
Operations and Supply Chain Management
IIM Mumbai

Prof. Ruchita Gupta is an accomplished professional with expertise in technology, innovation, and project management. She holds a B.E. in Electrical Engineering (Gold Medalist) from Nagpur University, M.Tech in Electronics Engineering from MNNIT Allahabad, and a Ph.D. from SJMSOM, IIT Bombay. With prior industry experience at Hewlett-Packard and Financial Technologies, her research interests span various areas - product and innovation management, technology diffusion, forecasting and modelling, project management, risk analytics. She has published extensively in reputable journals such as Technology Forecasting and Social Change, Decision Sciences, and IEEE Transactions on Engineering Management. She has also authored international book chapters and conducted training for organizations like Marico, L&T, DRDO, and HPCL. Recognized for her contributions, she received the Award of Prominence in Technology Management from IAMOT, USA, and was conferred the IAMOT Fellowship Award in 2022. Additionally, she currently serves as the VP-Communications of the POMS India Chapter and has been appointed as the Genpact Associate Chair Professorship.

About IIM Mumbai

IIM Mumbai erstwhile known as NITIE established in 1963 by the Government of India with the assistance of the United Nations Development Project (UNDP) through the International Labour Organization (ILO), is one of the leading institutes for Management education. IIM Mumbai has been positioned 7th amongst management schools in India by the National Institutional Ranking Framework (NIRF) in 2023. The institute, widely known as the leading Institute in Supply Chain and Operations, aims to spread management education for creating transformative leaders making a positive social impact. The institute fosters tomorrow's global leaders through innovative pedagogy and research-driven insights. The Institute strongly links with private and public sectors, national research institutes, other academic institutions, universities, government organizations, and communities. IIM Mumbai is dedicated to helping Indian businesses make their presence felt globally and has decided to act as a driving force in the manufacturing sector and all dynamic sectors of the Indian economy. It has aligned its vision and activities in line with the current and future needs of the Indian economy and its vibrant and growing sectors.

Career Assistance

Profile Building

Rigorously building the candidate's profiles and resume scrutinizing with their LinkedIn profiles. Jaro Education enables personalised feedback to boost overall virtual presence.
